

## **FOR IMMEDIATE RELEASE**

### **Indecomm Global Services to Exhibit at National Settlement Services Summit (NS3)**

*Firm Showcasing Recording Solution for Improved Accuracy, Reduced Risk*

- Indecomm an exhibitor at the National Settlement Services Summit (NS3), booth no. 45
- Showcases new solution, InteleDoc Direct™ with Recopedia, Indecomm's national recording toolkit
- Solution reduces business risk by improving accuracy in first time recording submissions

St. Paul, MN – June 1, 2016 – Indecomm Global Services, a leader in business process outsourcing, learning, and technology solutions, will be exhibiting at the National Settlement Services Summit (NS3) at the Le Méridien & Sheraton Hotels in Charlotte, N.C., June 6-8, 2016. Indecomm will be showcasing its new InteleDoc Direct™ (IDD) with Recopedia, Indecomm's national recording toolkit, at booth no. 45. The toolkit arms title agents, attorneys, settlement agents and mortgage lenders with current county specific recording requirements and fee calculator for paper and electronic real estate document recording.

“eRecording has moved beyond its core technology to embrace broader issues of how to achieve accurate recordings the first time out, which significantly reduces business risk. We expect those concerns to be widely discussed at the NS3 Summit,” said Latha Parameswaran, Vice President Channel Partner Management, Indecomm Global Services. “The conference brings together key constituents in eRecording and we are excited to provide new solutions that address these issues.”

Indecomm's IDD with Recopedia, being launched at the NS3 Summit, is the only eRecording platform in the industry that helps answer the industry's need for an efficient eRecording system enhanced by a toolkit. The toolkit provides county specific recording requirements, fee calculations, recording turn time and more.

"The Summit enables us to speak directly to the title industry and let them know we can help them achieve successful recording the first time out," Parameswaran said. "To be able to say that there is no more going back and forth trying to correct documents and fees to get a document recorded is a huge benefit to those in attendance at this Summit."

Indecomm anticipates strong response to IDD with Recopedia at the Summit. This solution can serve as the gateway to a high first time county acceptance rate, a long sought industry goal. Successful first time recording also reduces the risk of an intervening lien, where a title company could potentially end up paying a claim to the lender.

### **About Indecomm Global Services**

Indecomm offers consulting, outsourcing, learning, and technology solutions to its clients in the financial services, hi-tech, life sciences, education, and publishing verticals. Indecomm combines technology platform-driven outsourcing solutions with a flexible delivery model.
