- Company will demonstrate Kaizen® during the MBA Tech Showcase on 4/16/2018
- Indecomm SaaS technologies enhance mortgage underwriting and risk management, delivering strong efficiencies through automation

**Edison, NJ – April 13, 2018** – Indecomm Global Services, a leading provider of business process as a service (BPaaS), software as a service (SaaS) technology, and learning solutions for the mortgage industry, announces it will be presenting next generation automation technologies in its [Kaizen®](#) risk management mortgage platform at the Mortgage Bankers Association's (MBA's) Technology Solutions Conference & Expo 2018 at the Detroit Marriott at the Renaissance Center, from April 15-18.

Kaizen® will be featured at MBA's Tech Showcase on Monday, April 16, 2018 at 12:15 pm in Level 4, Columbus. Indecomm leaders, Rachael Harris, Director of Product Management, and Laura Carr, Kaizen® Product Manager, will demonstrate how the SaaS technology of Kaizen® enables automation and simplifies the loan audit process for effective mortgage risk management.

Indecomm executives will also be in the Exhibit Hall at Booth 421 demonstrating Kaizen®, as well as IncomeGenius®, an automated income calculation and analysis solution. Other products will also be demonstrated, including the Private University enterprise training solution, a customer-branded learning management system with turnkey courses to meet your employees' mortgage training needs.

"This conference focuses on the issues facing the mortgage industry, bringing together leading experts to share technology innovations that will shape the future of mortgage lending," said Rajan Nair, CEO, Financial Services, Indecomm Global Services. "Indecomm has long been a contributor to these innovations and strategies, with the mission of helping our customers to automate their processes, increase their efficiencies, train their teams, and reduce overall business risk in the loan cycle."
